# WHAT TEACHERS ARE SAYING

★★★★★ Extremely satisfied

Absolutely love this resource! There are so many activities to choose from to help keep students engaged as they learn about arctic animals. They were even able to conduct their own "research" by choosing their favorite animal at the end of the unit and writing sentences about what they learned about the animal and share it with the class. The students loved it so I will definitely use this resource again!

★★★★★ Extremely satisfied

This was a fun unit to use with my kindergarten class. I read the readers to my students and then we wrote a report for each animal. Thank you!

★★★★★ Extremely satisfied

We LOVED using this resource. We completed the reports in small groups over a few weeks. Students shared finished reports with the class. Great Activity!
