WHAT ARE TEACHERS SAYING ABOUT THEM

★★★★★ Extremely satisfied

These books are adorable. I love the color and color-in options. They are developmentally appropriate, which isn't always easy to find with Non Fiction.

★★★★★ Extremely satisfied

My Pre-K love these books.

They are a great size, and I love the teacher color option (thank you).

We take the kiddos around the world at Christmas and our class pet was always reading a new book. The amount of information, word count and length of books is perfect.

Thanks!

I love these mini books! I like to make a copy for each student, and we take a picture walk through the book and highlight tricky words. We read the book as a class and I have the students keep it in their desks and read it throughout the week to build fluency. They are just the right size to challenge my students without being overwhelming.
